INK INSPIRATION

MODEL:
SH-3216S1203 A-B

DESCRIPTION

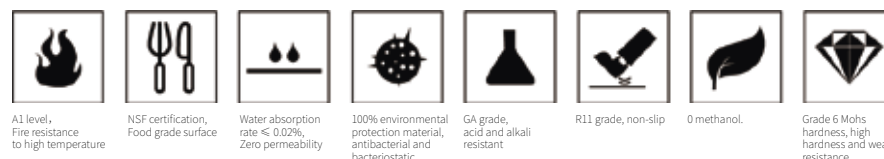

Rock board is derived from English SINTERED STONE, also known as "SINTERED STONE". It is a new type of food safety and environmental protection plate, which is born in ceramic production process and has comprehensively upgraded performance. It is a new type of material in the plate industry after STONE, wood and aluminum.

SPECIFICATION

SH-3216S1203-Silky
1600*3200*12mm
